

TOP FLIGHT ELITE TRAVEL ORGANIZATION

Dear Sponsor,

Help bring the sport of amateur athletics to excellence by supporting Top Flight Elite with a financial contribution for our program. TFEO is a competitive and developmental travel organization founded in 2016 for boys and girls in all grade levels. On and off the competitive field, Top Flight hopes to develop the well-rounded student athletes equipped with the skills, pursuing academic achievement, with a strong sense of community service.

Our programs range from individual training, to local and national team play and exciting regional showcases. Top Flight has ambitious goals that reflect the needs of North Carolina's fast-growing interest in youth sports. Top Flight began with one team and has continued to expand ever since. Currently, over 75 young men and women, ages 9-18 from throughout the Raleigh-Durham area are part of the Top Flights community.

Top Flight Elite competitive AAU teams focus on teaching the sport and preparing the athlete for the next level of play in high school and beyond. The developmental program is focused on teaching the fundamentals while acquiring a love for the sport. In addition to dedicated training, the Top Flight programs have environments that promote individual confidence, sportsmanship, self-esteem, and leadership skills. Top Flight has tutoring programs that prepare the athlete for academic progress while community service events strengthen leadership skills, helping to develop responsible citizens. Ensuring that any athlete that possesses the passion and willingness to work hard to achieve their goals, ALL eligible athletes are granted financial assistance.

As a non-profit youth organization, Top Flight seeks the support of the community and business leaders to help it succeed with its worthwhile endeavors. Funds generated from your generous support will be used to cover TFE's ongoing costs of facility rentals, as well as, programming that includes team and league play, open gym, training.

As Top Flight Elite strives to motivate each athlete to succeed while creating excitement in the community about basketball, your consideration for any of the following sponsorship levels would be greatly appreciated.

Thank you,
